The worksheet is designed for a sequencing activity. It features a central path with a mouse at the start, a mole, a tree, a forest, and a log pile. The path is marked with arrows and dotted lines. There are 10 empty rectangular boxes with dotted borders for pasting images. The boxes are positioned at various points along the path: one above the mouse, one above the mole, one to the left of the tree, one to the right of the tree, one below the tree, one to the right of the forest, one below the forest, one to the right of the log pile, one below the log pile, and one to the right of the end of the path.
