

JEU DES SALADES autonome

DM : nombres et quantités

Associer une quantité et un nombre ainsi que son écriture chiffrée

Compétences:

- lire un chiffre
- lui associer une quantité.
- produire la quantité correspondante.

Exercice individuel après manipulation

Matériel:

- 20 cartes à découper
- planche de jetons "salades" à imprimer 2 fois

Imprimer sur carton léger, plastifier et découper les cartes escargots et les jetons salades .

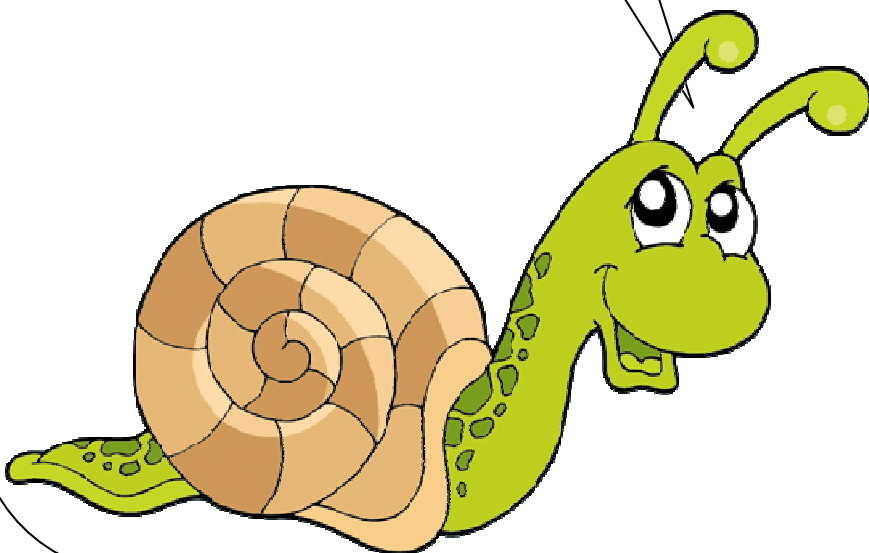

Règle:

Individuellement, les enfants piochent des cartes et doivent placer dessus le nombre de salades demandé par l'escargot.
